7. ~~One additional skipper from the host fleet.~~

8. In the event that the total entrants do not meet a total of 80 boats:

1. If 3 months prior to the official start of the Championship, countries in good standing with SCIRA have not registered their maximum number eligible entries, and the number of registered entrants has not reached 80 teams, those unassigned entry slots will be re-allocated to a pool of qualified entrants, as provided below. The unassigned entry slots are defined as the difference of valid entrants at the close of the initial registration period from the maximum number of 80 teams.

- a. The initial registration period starts six months prior to the start of the Championship or upon posting of the NOR. This registration period ends a minimum of three months prior to the official start of the Championship.
- b. SCIRA and the organizing authority shall post to the Official Regatta Website, or via equivalent means, the number of additional entries available to the regatta and the assigned pro-ration of these additional entry slots to those countries which have registered entries and fulfilled its allotment during the initial registration period. The allocation will be communicated within one week of the conclusion of the initial registration period.
- c. Reallocated entrants will not count against, nor limit, the initial per country allocation.

2. The number of entries available for reallocation will be the difference between the fleet limit of 80 and the number of entrants registered during the initial registration period.

- a. Those countries which are eligible for additional entries will then have **two weeks** from the time of the posting ~~until eight weeks prior to the Official start of the Championship~~ to register additional entries.
- b. Any unfilled reallocation entry not registered **after this two (2) weeks period**, ~~eight weeks prior to the regatta~~ shall lose that entry which will then be made available on a “first come” basis only from received valid registration.
